# Student outcomes summary

## Legend

Laverton Community Education Centre ■ 2020 ■ 2019 ● 2020 Victorian average ▲ Higher than previous year ▼ Lower than previous year

Proportion of VET students who **achieved their main reason for training**

2020 n = 36

This measure is based on the proportion of students who reported they “Strongly Agree” or “Agree” that they achieved their main reason for undertaking training.

	2018	2019	2020
<a href="#">You achieved your main reason for doing the course</a>	83.3	76.3 ▼	80.6 ▲

Proportion of VET students with an **improved employment status after training**

2020 n = 34

This measure is based on student responses to seven questions. Students had an “improved employment status after training” if they were employed before training and afterwards had greater responsibility, a promotion, started a new role, earned more, worked more hours, gained extra skills, completed an apprenticeship/traineeship or set up a business. For those that were unemployed, they had “improved employment status” if they got a job or set up a business.

The response options for this measure were simplified in the 2020 Student Satisfaction Survey. To allow time-series analysis, the historical data have been revised to be consistent with the 2020 methodology. Consequently, the numbers for 2018 and 2019 are different to the ones reported last year.

	2018	2019	2020
Proportion of VET students with an improved employment status after training	48.3	40.0 ▼	41.2 ▲

Proportion of VET students who went on to **further study at a higher level** than their completed training

2020 n = 34

Students who commenced another course or further study were asked about the level of the new course. This measure is based on the proportion of students who reported that they were going onto further study at a higher level than the course recorded in their administrative data.

	2018	2019	2020
Proportion of VET students who went on to further study at a higher level than their completed training	22.2	22.9 ▲	8.8 ▼

Proportion of VET students who would **recommend** Laverton Community Education Centre

2020 n = 35

This measure is based on the proportion of students who reported that they were “Very likely” or “Likely” to recommend the RTO to other students.

	2018	2019	2020
<a href="#">How likely would you be to recommend this training organisation to other students?</a>	93.1	86.5 ▼	85.7 ▼
