You'll need a USI if you are a new or continuing student undertaking nationally recognised training.

We are not permitted to issue statements of attainment, qualifications, or awards without a USI.

For VET students, the USI gives you access to an online record of your nationally recognised training in the form of a VET transcript. This can be used when:

- applying for a job
- seeking a credit transfer
- demonstrating pre-requisites when undertaking further training.
- keeping national training records together

How to Apply for USI

It's easy – you only need 5 minutes and some identification. You can also use a Digital Identity to create a USI. Register for USI : usi.gov.au/students/get-a-usi

OUR TRAINING GUARANTEE TO YOU

Laverton Community Education Centre is committed to providing high quality, affordable and accessible training to our students. In the unlikely event that the Centre could not continue with your chosen course once you have commenced, we guarantee to work with you to find a mutually agreeable, high quality registered training organisation to take over your training or find other suitable options in consultation with you.

ACCESS & EQUITY

All staff have the responsibility for the implementation of the Organisation's Access and Equity policies.

CUSTOMISATION OF TRAINING

A student will be placed in programs according to eligibility requirements of the qualification and the funding source.

If at the pre-enrolment interview, a student identifies special needs that may impact on their training, LCEC will endeavour to best meet the needs of the student by customising their training in consultation with the teacher and student.

Where a student's special needs cannot be met with the resources of the organisation, then every endeavour will be made to place or refer them to another suitable program/provider.

RECOGNITION OF PRIOR LEARNING

You may apply for Recognition of Prior Learning for existing competencies, which you have gained through previous studies and/or through life and work experience. Competency is demonstrated through a portfolio of evidence mapped against the unit/qualification. LCEC charges \$150 per unit for RPL assessments.

For more information about the requirements and procedures for RPL, please refer to the LCEC Credit Transfer and RPL Policy which can be obtained from the office.

ASSESSMENTS

During the course, you will be assessed on your progress against the skills/knowledge required for the units of competency in which you are enrolled. In your course you will be required to complete a number of assessment tasks linked to those unit requirements. These tasks may include written assignments and tests, multiple choice questions, practical demonstrations, role plays, oral questions, case studies, research projects, observations and group works.

Students undertaking vocational courses which include a period of work placement should note that some assessments will take place in the workplace, and will be conducted jointly by LCEC teachers and workplace supervisors.

If you are not happy with the outcome of the assessment, you may appeal against this decision as per the Student Appeals Policy (PO004) which is available from the office.

Unit assessments must be submitted within two weeks from the date of the conclusion of the unit. If students require an extension of time to complete a unit, they must apply to their teacher/trainer within the two week time period.

LCEC is not obliged to accept any work or assessment beyond this date. Students who pass this date without completing all required assessments may be withdrawn and may be required to re-enrol to complete this course.

If a student cannot meet this deadline, they may apply for a formal extension (up to six months) to enable them to complete the outstanding course requirements. An Application for Course Extension Form can be obtained from the LCEC office.

STUDENT SUPPORT

Flexible Training

We establish any special learning requirements students may have, including Language, Literacy and Numeracy requirements, prior to the commencement of training, based on the enrolment interview. This will help us identify any access and equity strategies or learning methods that we may need to engage in order to maximise your chances of achieving success in your course.

Special Needs Support

LCEC is committed to supporting students with a disability or additional needs to participate in our courses on the same basis as other students. We will endeavour to develop and apply reasonable adjustments to our learning and assessment strategies in response to students' additional needs, while at the same time maintaining the integrity of course requirements. Reasonable adjustments may include (but are not limited to):

- changes to the learning environment
- extensions or additional time to complete assessment tasks
- use of different equipment to demonstrate the same skills
- alternative formats for learning materials
- choice in assessment format were allowable (e.g. oral, written or visual presentations)

Additional learning support is available for those with basic literacy, numeracy or English language difficulties or other identified areas of learning difficulty. Reasonable adjustment may also be offered and can include but is not restricted to:

- Educational support
- Alternative assessment methods, such as:

In particular, this includes reporting of VET student and training data to Victorian and Commonwealth government departments and to the National Centre for Vocational Education Research (NCVER).

WORK PLACEMENTS

Laverton Community Education Centre organises and administers work placements to participants during course services where required. LCEC works hard to find practical placements that are convenient and appropriate for each student. This can be a lengthy task for staff; so once a student has been positioned, they are expected to attend that venue throughout the placement. The opportunity of work placement provides:

- the participant with the opportunity to gain real world experience in their chosen industry;
- the participant to gain initial access to a potential future employer; and
- the host employer to support and 'test' a participant as a potential employee.

Workplace learning programs are to achieve curriculum outcomes and enhance the vocational, educational and social development of participants.

Laverton Community Education Centre ensures that participants with special needs are provided with opportunities on the same basis as other participants. This includes identifying and liaising with the workplace around adjustments and accommodations that participants with disabilities may require.

WORK PLACEMENT GUIDELINES

The following guidelines are strictly adhered to at all times, for work placement opportunities:

- Work placements are voluntary - as such a participant can choose not to participate in a work placement, and this should not affect their achievement of the course program unless the work placement is a specific mandated requirement for the course.
- Participants enrolled in a post-secondary education course undertaking a practical placement are not required to be paid for the work on that placement.
- Work placements could vary from 3 days per week to 5 days per week (unless specified by the placement provider) over a period of up to 14 weeks (if full time) to cover required placement hours.
- Laverton Community Education Centre personnel hold the primary responsibility for organising work placements, although participants may be involved in seeking and securing an appropriate host employer.
- Laverton Community Education Centre will identify up to 3 placement opportunities only. Students who do not accept one of the three options will be required to identify their own placement opportunity. However, all practical placements require a formal agreement between LCEC, the placement provider and the student.
- Laverton Community Education Centre will endeavour to locate placements that are most suitable and convenient for each individual student, where possible.
- Participants are not placed on work placement if the Laverton Community Education Centre representative feels that they are not 'job ready' for a placement.
- The participant is under supervision at all times by the host employer while on work placement.
- The learning obtained during the practical placement should relate directly to the course outcomes at the appropriate skill level and to the actual competencies required for employment.
- Laverton Community Education Centre personnel monitor work placements through regular contact and feedback process with host employers, including workplace visits with the number of visits dependent on the length of the work placement and participant needs.
- Work placements can be terminated at any time if the participant and/or host employer is not comfortable with the progress of the placement.

In organising work placements, Laverton Community Education Centre personnel ensure that all participants have a work placement agreement in place to confirm that the participant and the host employer are aware of their obligations and are committed to the work placement.

WRITTEN AGREEMENT

A written practical placement agreement is a mandatory component of any work placement. It is a legal agreement and stipulates the rights, obligations and duties of the employer, Laverton Community Education Centre and the participant. Laverton Community Education Centre enters into an agreement in writing with the employer about the placement of each particular participant.

In addition to the relevant details of Laverton Community Education Centre, employer and participant, the practical placement agreement includes:

- The length of the practical placement expressed as hours; and
- Signatures of the student, the employer and the RTO.
- The days the student is committing for placement.

The original of the written, signed practical placement agreement is maintained by Laverton Community Education Centre for future reference. A copy is given to both the employer and the participant.

Participant Responsibilities

The participant's responsibilities while on work placement are as follows:

- Regularly attend the work placement on the agreed dates and agreed times.
- Complete required work placement hours within 14 weeks of completing the classes and course work.
- Agree to do a minimum of 3 days per week placement, unless stated otherwise in pre placement agreement.
- Notify both the workplace supervisor and their Laverton Community Education Centre trainer if unable to attend.
- Perform duties as requested and comply with all reasonable directions given by their work placement employer.
- Though placement is a volunteer role, treat placement as an employment position.
- Ensure dress and behaviour are in keeping with the accepted standards of the workplace.
- Promptly tell the workplace supervisor and Laverton Community Education Centre work placement coordinator of any personal injury or damage to property that has involved the participant.
- Practical placement providers for some of our courses have mandatory vaccination requirements. For example, at the time of publication, Certificate III in Individual Support students are required to have 3 COVID vaccinations and a current flu vaccination to commence their placement. It is the student's responsibility to ensure that they have organised all mandatory vaccinations before starting placements.
- The individual support course placements needs to be full time (5 days per week) to mitigate the risk to aged care residents. The students should make appropriate arrangements to meet this requirement.

Employer Responsibilities

- Understand the obligation of care for the participant under relevant Workplace, Health and Safety Acts;
- Inform the participant of safety requirements in the workplace;

- Provide meaningful activities and appropriate direction and supervision;
- Notify Laverton Community Education Centre immediately of any incident involving the participant, any actions undertaken and damages to property involving the participant;
- Ensure that the participant understands that work placement is not paid work; and
- Notify Laverton Community Education Centre of any absences by the participant that have not been notified.

Laverton Community Education Centre Responsibilities

Laverton Community Education Centre's responsibilities for a work placement are as follows:

- Contact employers to arrange work placements for participants;
- Ensure the work placement is related to the training the participant has undertaken;
- Ensure the participant has required paperwork for the work placement. e.g. mandatory vaccinations, WWCC, statutory declarations.
- Ensure the work placement occurs, and hours are recorded.
- Visit the participant at the work placement for observations during the placement;
- Gather feedback from both participant and work placement employer to evaluate the placement; and
- Have a process to advise relevant insurers and other parties immediately if an event occurs or a potential situation arises that could result in a claim.

WORK PLACEMENT BOOKLET

All participants are to be provided with a work placement booklet while on placement, so that they may record their progress, placement hours, and host employers are aware of the skills or tasks they should cover while on placement.

RELEVANT NATIONAL CRIMINAL CHECKS OR WORKING WITH CHILDREN CHECKS

If participants are entering an industry requiring a criminal check or WWCC (for example, aged care, schools or children's services):

- Participants are made aware of the requirement prior to enrolment, including the process and costs to secure the relevant check;
- Participants are responsible for applying for national criminal checks, 3 months (maximum) prior to placement commencing, so that they have received their police check in time for their work placement (the processing time can be up to six weeks); and
- Participants may select an industry area without this requirement for their placement, or opt out of placement altogether, instead of undergoing the required check, but only in cases where the work placement is not a mandatory component of the course services.

STUDENT RESPONSIBILITIES

CHILDREN IN CLASSROOMS

It is a policy of the Centre that no children are to be taken to adult education classes.

VALUABLES

Students are responsible for their own valuables at all times.

There is a four hour parking area at the Laverton Community Hub (entry off Donald Street). Alternatively, you can access a visitors parking permit from our office at 12 Crown Street for parking in Crown St and Donald St (only). There are a limited number of these permits; so you will need to return it to the office at the end of each day. Laverton Community Education Centre accepts no responsibility for parking fines issued by Council parking officers.

RESOURCES

Textbooks and other resources are paid for and issued to students at the commencement of the course. It is the students' responsibility to bring these resources with them to each class. A new materials fee may be charged if resources need to be replaced in the event of loss or damage.

ASSESSMENTS

Assessments will occur at the end of a unit/cluster, some assessments will be required to be completed in the students personal time. Assessments are required to be completed and submitted to your teacher or trainer two weeks after the completion of a unit/cluster, unless other arrangements have been agreed to with the teacher/trainer.

EMAILS

For some courses, teachers will email work through to students. It is expected that students check their emails provided at least once a week for updates from their teacher.

MOBILE PHONES

Mobile phones need to be on silent during class and either in your bag or on the desk. We ask that you do not play with your mobile phone during class time. We do understand that at times you will have to answer phone calls during class time. Please leave the room quietly when answering calls.

ATTENDANCE & PUNCTUALITY

All students are expected to attend the entire scheduled class and negotiated placement. However, we understand that at times you may not be able to attend class, but it is very important to contact the Centre and speak to your teacher or Coordinator. Punctuality is considered an essential attribute of a student's success in the course and is expected during class and especially during placement. Students must contact Laverton Community Education Centre and the placement centre if they cannot attend.

STUDENT CONDUCT

All students have a responsibility to ensure that proper standards of conduct are observed at all times and to ensure that their behaviour contributes to and supports the LCEC Student Code of Conduct and Code of Ethics.

Students are expected to behave at all times in a manner that demonstrates respect for themselves, other students, staff and other Centre users.

CHEATING & PLAGIARISM

Cheating is the act of attempting to circumvent the assessment practices in an unethical or illegal manner.

Plagiarism is a form of cheating. Plagiarism is the practice of claiming or implying original authorship of (or incorporating material from) someone else's written or creative work, in whole or in part, into one's own without adequate acknowledgement.

Cheating and plagiarism are serious acts and may result in a participants' exclusion from a unit, module or a course overall. Where a participant has any doubts about including the work of other authors in their assessments, they should consult their teacher.

The following list outlines some of the activities for which a participant can be accused of plagiarism:

- Presenting any work by another individual as one's own intentionally or unintentionally;
- Handing in assessments markedly similar to or copied from another participant;
- Presenting the work of another individual or group as their own work; and
- Handing in assessments without the adequate acknowledgement of sources used, including assessments taken totally or in part from the internet.

Participants are required to submit a signed cover sheet with every assessment. This includes a declaration that all work submitted is their own work except where there is clear acknowledgement or reference to the work of others.

DEFERRAL, LEAVE OF ABSENCE OR WITHDRAWAL FROM A COURSE OR UNIT

Where a student wishes to defer their enrolment or delay their commencement of study, the student must lodge an Application for Course Extension form (FO033) outlining the reasons for the request. Where a student wishes to suspend their enrolment and take a leave of absence from their course of study, the student must lodge an Application for Course Extension form (FO033) outlining the reasons for the request. LCEC will only permit a deferral of no more than six (6) months from the date of receipt of notice from the participant.

Where a student wishes to cancel their enrolment and withdraw from their course of study, the student must lodge a Withdrawal form (FO017) outlining the reasons for the request. If the student is unable to do this in person, they can request a withdrawal by emailing administration at info@lcec.vic.edu.au
